Dear Mr Cvenkel:

Thank you again for your cooperation, hard work and excellent hospitality during Goodyear Engineered Products visit to Sava December 10-15, 1995.

We have already started our facilities, capital requirements and manning studies. We expect to be completed by the third week in January.

Regarding information on my wife's, father's mother whom was born in Slovenia, attached is a couple of maps. Looks to me like southeast Slovenia. I think cities are all re-named from there. The family name is Kraker. Don't spend a lot of time but I would be interested if you find anything out.

We all were very excited about our visit and the opportunities a Sava/Goodyear relationship might offer. We look forward to our next meeting and discussions in late January.

My best to you and your family and all our friends at Sava for a Merry Christmas and a Happy New Year.

Best Personal Regards,

Dear Janez,

We have at long last safely returned to Akron and everyone is busy preparing business plans for our next meeting in Luxembourg in January. As soon as I can meet with Mr Sharp, I will reconfirm the date of the visit by Mr Gibara so that you have sufficient time to make arrangements for a meeting with the President of your wonderful country.

I cannot find the words to thank you enough for the very generous hospitality shown to the entire Goodyear group by you and your organization. I sincerely hope that the hard work plus the enjoyable times we experienced together will result in a concrete relationship that is mutually beneficial between Sava and Goodyear.

Best wishes for a Merry Christmas and a healthy and prosperous 1996 to you and all of your team.

With warmest regards,
