Dear Marinka,

Would you kindly pass the attached files to Mr. Cvenkel.

Stanko,

As I did not see you again on Friday, attcahed are all the files which together for the basis of both the Goodyear Business Plans, Sava Status Quo Plans and the Sava Offer. These files reflect the revised tax computation. You should create a new directory and copy ALL the attached files into that directory. If you copy these files into different directories, the links between the different workbooks will not work.

Best Regards,

John Clarke

Holly,

please pass the attached computer files to Dave Leffler.

Dave/Stanko,

Attached are the files relating to the Goodyear Business Plan

Those files relating to the Sava Status Quo, Sava Historic and Summary of Sava Offer follow as message 2. It seems that the Goodyear system will not handle all the files together. Please note, all these files are linked (those contained in message 1 & 2). It is therefore essential that they are filed in the same directory.

Please confirm receipt.

Thanks, John Clarke
